

Soilmec R312/200

Hydraulic Rotary Rig

Max CFA Pile Depth	m	13+6
Max Bored Pile Depth	m	48
Max CFA Pile Diameter	mm	750
Max Bored Pile Diameter	mm	1,500
Operating Height	mm	24,900
Operating Weight	ton	40
Transport Weight	ton	34
Bearing Pressure	MPa	-

The R312's outstanding features include:

- Powerful rotary
- High Speed drilling
- High reliability & safety
- Easily transported
- Low operating costs

The Soilmec R312/200 has a 20 minute rig up time, is capable of high speed drilling and has powerful rotary with low operating costs.
