

Soil Tek

Restricted Access Auger Piling Rig

Max Pile Diameter	mm	900
Max CFA Pile Diameter	mm	600
Operating Weight	t	15
Operating Length	mm	4445
Operating Width	mm	2100
Max Operating Height	mm	12700
Min Operating Height	mm	8135

Our new Soil Tek machine is ideal for use on the following projects:

- Housing developments – Brownfield and Greenfield sites
- Major civils work in urban environments
- Contiguous/Secant retaining walls
- Working near to rail lines and highways due to restricted height capability and low centre of gravity
- Multiple visit sites due to low mobilisation costs
- High pile load requirements
